This program is a collaborative presentation of
Acute Care Education, Oregon Council of Healthcare Educators and Samaritan Health Services

Nursing Wisdom:
Clinical Judgment and Reflective Practice

October 10, 2014
8 am – 5 pm
Samaritan Center, Lebanon, Oregon

Program Description
Join our journey to explore how clinical judgment and reflective practice impact learner behavior in clinical practice. This conference will explore nursing education models with clinical application outcomes to assist all nursing educators in guiding nursing students and clinicians along a professional development pathway.

Target Audience
For nursing educators, including staff development educators, faculty in academic programs, clinical nurse specialists, nurse managers, and staff nurses.

Meet Our Keynote Presenter

Christine A. Tanner, PhD, RN, FAAN
A.B. Youmans Spaulding Distinguished Professor
Oregon Health & Science University / School of Nursing (Retired)

Dr. Christine A. Tanner has served nursing with distinguished service at Oregon Health & Science University since 1979 in various leadership, research, and education roles. Dr. Tanner’s research and leadership was involved in creating educational solutions to address the projected nursing shortage. This included looking for ways to increase enrollment and prepare a new kind of nurse in the context of rapid changes in the nursing practice environment and a rapidly evolving health care system. Dr. Tanner was instrumental in developing the Oregon Consortium for Nursing Education (OCNE) that was launched in 2003 as a partnership among OHSU and several community colleges (www.ocne.org.) The OCNE model was designed to incorporate best practices in teaching and learning with a shared curriculum and is increasingly being viewed as a national model for education transformation, and was highlighted in the Institute of Medicine Report on the Future of Nursing and the Carnegie Foundation Study of Nursing Education.

Dr. Tanner received her PhD in Educational Psychology from the University of Colorado and completed a post-doctoral study at the University of California, San Francisco. She holds an MS in Medical-Surgical Nursing from the University of California, San Francisco, and a BSN from the University of Northern Colorado. Dr. Tanner has published numerous articles related to nursing education and served as Editor-In-Chief for the Journal of Nursing Education from 1991 to 2012. She is a widely sought-after guest speaker and consultant with nursing programs throughout the United States and internationally and is highly regarded as an expert in the field of nursing education. Dr. Tanner is the recipient of numerous honors including the AJN Book of the Year Award for Expertise in Nursing Practice: Caring, Clinical Judgment and Ethics; the Graduate Faculty Award from OHSU School of Nursing; the National League for Nursing Award for Excellence in Nursing Education Research; and the Oregon Medical Research Foundation Mentor Award.

Join the Oregon Council of Healthcare Educators for $35/year and save $20 on this conference.
Learn more about OCHE membership at www.oche.us
Program Purpose
The learner will develop strategies for guiding future nursing education plans through reflective professional practices.
